Spotlight Restaurant

Momosan Foxwoods by Morimoto

Opened on June 26th with the ceremonial breaking of a sake barrel, this new Japanese restaurant brings more than just food to the table at Foxwoods. With a 145-person capacity and situated in the Great Cedar Concourse, Momosan debuts a hybrid casual ramen, izakaya-style dining, and sushi program that Iron Chef Masaharu Morimoto pioneered for Foxwoods. With this being Morimoto's seventh Momosan location in the U.S., satisfaction is practically guaranteed.

The aforementioned three concepts come together with the atmosphere of a resort to achieve a modern-casual dining experience. The menu is excellent if you need a quick bite or want to take your time and celebrate life, as the options are geared for "every type of guest" according to Foxwoods' press release. Looking at the menu, one-third of it is sushi, one-third is ramen, and the remaining is a wide spread of meat dishes plus specialty rice. The "three core pillars" as mentioned in the press release single out the signature ramen, roast duck, and small plates as the main focus of the restaurant.

What you pair with your food is just as important as the food itself. To that end, the alcohol selection was personally curated by the Chef Morimoto. These range from the signature three cocktails - Spiced Car, Lychee Martini, Karai Rum - to a wide selection of Japanese whiskies and house sake.

Now, a review from one of our own customers who recently visited:

From the moment we walked in, everything felt intentional — warm, modern ambiance with a vibe that's both upscale and inviting. But the real star? The **sushi**. Every single piece was insanely fresh, melt-in-your-mouth delicious, and beautifully crafted. You can truly taste the quality in every bite — nothing felt rushed or ordinary.

We sampled a range of rolls and nigiri, and each one had its own standout flavors and textures. The fish was so fresh it practically glistened, and the rice was perfectly seasoned and tender. You could tell every detail was masterfully thought out — a signature Morimoto touch.

But it wasn't just the food. The service was outstanding, the pacing perfect, and the whole experience felt like a journey through Japanese flavor and finesse. It's more than just dinner — it's a full-on **sushi experience**.

If you're a sushi lover (or even just sushi-curious), **Momosan** is an absolute must. Chef Morimoto has done it again.
