If you missed our Meet & Greet event at Viejas on February 8, let us share why we believe this is the premier place to gamble in Southern California.

We experienced unmatched luxury, enjoying personalized five-star service at an upscale boutique-style hotel and spa. Dinner at the Grove Steakhouse provided an exquisite gourmet experience with a modern yet classic aesthetic. For a more casual dining option, Grab-Go offers a wide selection of food and snacks available 24/7. Viejas boasts five bars throughout the property, serving excellent drinks like the Cabana Crush.

When it comes to slots, Viejas offers an impressive 2,500 machines, with 1,000 of them being brand new. They feature popular games such as Dragon Link, Lightning Link, and a vast selection of Buffalo games, available in both smokefree and smoking areas. The ventilation system is outstanding, as the air always feels fresh and clean.

Viejas offers some of the best table game rules we have encountered. In the High Limit Blackjack area, dealers stay on soft 17, you can surrender, split any same cards up to four hands, double down after splitting, and you don't need to double your bets to play multiple hands in \$100 games. Best-kept secret—they allow almost unlimited re-shuffles!

If you book your trip through Mr. Hand Pay Casino & Travel, we can match your tier and offers (restrictions apply). At the Platinum tier level, you'll receive a \$50 daily food credit automatically on your card, along with significant discounts at food and retail outlets, saving you comp dollars for other indulgences.

Viejas is a 21 and over property, conveniently located just 30 minutes from San Diego Airport. Please note, alcohol cannot be comped in California.
